

HI-RISE

DESIGNED & MANUFACTURED IN THE UK

platform lifts

HI-RISE

The Dalby Hi-Rise Platform lift is designed and built in the UK. Using an ultra reliable and low maintenance self sustaining nut and screw drive system the Hi-Rise is robust, reliable and engineered to the highest quality.

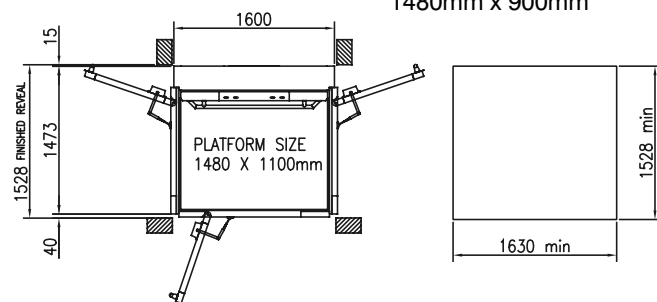

The Hi-Rise is designed and built with a range of standard sizes for building reg compliance although can be made with bespoke sizes, custom finishes and configured to suit almost any application.

With minimal builders work requirements and our innovative modular design the Hi-Rise is the perfect choice to make your building accessible for everyone.
